

Clean Web Economy

Let's fund culture without selling our souls.

The Problem

- Ads distort the web and privacy.
 - Creators are underpaid.
- Users pay multiple subscriptions.

The Insight

Flat-fee tiers + privacy-preserving usage proofs → direct creator payouts.

How It Works

1. Recognize work (fingerprint).
2. Track locally.
3. Submit zero-knowledge proof.
4. Smart contracts split fees.

The Stack

Clients • Chain • Storage • DMF • DAO

Resilience by Design

SSI + ZK + Audits + Councils + SBOM + Anycast.

Adoption Plan

Phase 1 Music → Phase 2 Video → Phase 3 DMF → Phase
4 Governance.

Call to Action
